

Job Description

About Yellow Door Energy

Yellow Door Energy (YDE) is a distributed solar energy company headquartered in Dubai, UAE. Born from one of the Middle East's most experienced solar developers, Adenium Energy Capital, we develop, invest in and own and operate solar systems and energy efficiency assets. We provide a turnkey technical and financial solution to commercial, industrial, institutional and government organizations. Our customers save money on electricity, protection against future energy price increases, and the opportunity to realize the positive environmental benefit of solar energy.

If you are interested in this role, please send your CV and covering letter to jobs@yellowdoorenergy.com.
